## Employee Spotlight

### Michaela Bundy- Intensive Outpatient Counselor

I was a Registered Medical Assistant working in Neurology in my past life. I've worked/interned at other local SLE and outpatient facilities. I've been at RDT since August of 2019 and have worked as a residential counselor, admissions coordinator, and now an outpatient counselor. I'll graduate with my Masters degree in Clinical Mental Health Counseling in May! My favorite meal is chicken fried steak, mashed potatoes, with green beans. My dream vacation would be going to Turkes and Caicos with clear water and sunshine!

### Charity Worcester- Intensive Outpatient Counselor

I worked at Safe Place of the Permian Basin (Domestic Violence Shelter) for 10 years. I was a Residential Counselor at Springboard. I ran the Outpatient Program "Fresh Start" for Permia-Care before starting here in January. I love Chic-Fil-A, but a comfort food of mine is my mom's cornbread and beans. I have a huge passion for helping people and all. Right now, I would go anywhere out of the 432. I have my eyes on Ireland and Germany. Also, I would take a nice beach and a good book.
